GOLF COURSE MAINTENANCE

So far we have had excellent weather since overseeding the golf course at the beginning of last month. Towards the end of October we applied a course wide starter fertilizer to help establish the ryegrass. Hopefully we will get one or two nice slow rains to really help thicken up the overseeding. Overall I am very pleased with how smooth the actual overseeding went, which is a testament to the folks I am fortunate to work with on our maintenance team. They are a very dedicated group. Throughout the winter we will be applying liquid nutrients to the greens on a weekly basis. Applying fertilizer in this manner really has yielded positive results in past years. Throughout the remainder of the month of November we will be focusing our efforts on bringing in the ryegrass and mowing.

Did you Know...

1 in 5 children in our County are living
at or below the poverty line.

This holiday season, let's join together to
feed families in need. Let us show our thanks and appreciation
for all we have been blessed with in our lives by bringing blessings
into the lives around us. The goal is to raise enough money to
personally deliver a turkey dinner on Christmas Eve to 500 families
in the Myrtle Beach area. All it takes is \$35 per family of 6.

That's all!

For \$35, you can put smiles on the faces, love in the hearts and
warm food in the stomachs of an entire family.

Now that you know...

How many families will you feed?
